The Canados 86 features an interior designed by Archille Salvani and accommodates 9 guests, in 4 cabins. The salon features beautiful interior design including the work of Armani and Fendi. To port, there is a POP-UP plasma TV and a 2-3 person sky sofa and a low cut Fendi coffee table in the center of the salon and opposite a matching 3-4 person sofa. The entire salon is flooded with natural light enabling you to indulge in the view while relaxing in the cool air-conditioning. The yacht's dining area is directly after the salon sitting area, to port and up to 9 guests can dine at the glass Armani dining table. Across from the dining table, there is a small glass staircase that is softly laminated with black-light spotlights, leading to the sundeck. Forward on the main deck, there is a day head, the galley and the Bridge, which is suited with all the latest technology for utmost safety.

The Master Cabin is located midship and is the full width of the beam. This cabin has a center-line double bed, a walk-in dressing room and the en-suite facilities. The VIP Cabin located forward is almost identical to the Master Cabin, with no walk-in-dressing. There are 2 twin cabins, one with a Pullman berth to accommodate one more guest. All the cabins are fitted with the finest of materials.

The cockpit equipped a table with 10 seats where you can sit comfortably for lunch or dinner. The flybridge has two tables that can be joined into one, so it can sit many guests. It also has a large and comfortable couch and a sundeck for two people complete the furnishing.

On the bow, there is a second sunbathing place for a relaxing that can host up to 4 people. This 86 Canados cruises at speeds of around 28kn and reaches a maximum speed of well over 30kn. She offers great entertaining areas onboard, from the main salon with designer furniture for formal dinners and casual coffee afternoons away from the sun and 2 on-deck areas which call for a more informal relaxation and fun. She also has an extended bathing platform that is great for entering the water and deploying various water toys.
