Remarks

Tranquility was built by Concorde Yachts in Anacortes, Wash., Formerly San Juan Yachts. Same factory, same workers. The only change was the name.

Concorde Yachts represent the same quality and craftsmanship as San Juan yachts. In some respects, it is even better and improved on. Tranquility is more on the lines of a custom

Built yacht. The quality far surpasses most production yachts in this size range. Fresh water boat since 2014, dry stored in the winter. Only 361 hours on her 370 hp Volvo direct drive engines.

Tranquility has been kept in mint condition with multiple amounts of recent upgrades, including a new 6 kw Northern Lights Gen.. with only 10 hours. (9/23). This is an opportunity to purchase a real quality express cruiser for a fraction of the replacement cost. Has to be seen to be appreciated! LLC OWNED.
