Fuel: Diesel

Engine 2

VOLVO PENTA
D13 IPS 1350
Fuel: Diesel

Summary/Description

Aboard the Navetta 64, all spaces are designed to offer the maximum enjoyment of each cabin —always panoramic and bright, thanks to unprecedented-sized windows. In addition, the spaces are furnished and refined with everything you need to feel just like at home, without any sacrifices.

EXPLORING NEW BOUNDARIES WITHOUT EVER FEELING FAR FROM HOME

The already-complete Navetta range has expanded with a tangible expression of generous and open-minded engineering. All of Absolute's best features have been implemented as well as some amazing onboard innovations.

The Navetta 64, The Absolute Pathfinder, like her siblings has 100% Navetta DNA and it easy to see why.

The wide and uninterrupted side-glass window, which runs from the aft mirror to the windshield, outlines her exterior shapes. These are characterized by the significant enlargement of the bow windows and the opening of the side gunwales in the cockpit.

WAKING UP AT THE EDGE OF THE SEA, ALMOST TOUCHING THE WATER.

In the Beach Club version, the transom can be turned from a large storage space into an actual double cabin at the water's surface sealed tight with a fully-glazed, certified watertight access door.

Beach Club by day and VIP cabin with an en-suite head by night: this alchemy is made possible thanks to the placing of the crew cabin—with 2 berths—directly accessible from the second starboard-side door.

A triumph of livability both at daytime and at nighttime, right at the stern, right on the water!
