Summary/Description

The all new Prestige 420 Fly blends contemporary styling, comfortable amenities, and reliable diesel performance to transform your weekends on the water from typical to memorable. Following the trend of the latest PRESTIGE, the PRESTIGE 420 benefits from a signature aesthetic that is dynamic and un

THE HERITAGE OF PRESTIGE

Following the trend of the latest PRESTIGE, the PRESTIGE 420 benefits from a signature aesthetic that is dynamic and unsurpassed.

Highlighted on the exterior by her light Flybridge and timeless lines, the style of the GARRONI design cabinet is also beautifully expressed on the interior, cleverly combining the bright open living spaces on the main deck with the very private spaces of the two cabins with separate entrances, a unique feat on a 42-footer.

The secure and comfortable hull designed by Jernej Jakopin for the Volvo Penta IPS 400 engine delivers on its promises with exceptional sea keeping and maneuverability.

The crisp lines and sculptured surfaces of the Prestige 420 Fly are easy on the eyes, a timeless yet modern work of art from Garroni Design that lives as great as it looks. The hull and running surface from Prestige Engineering delivers efficient, powerful performance underway with a low center of gravity for optimal stability and a dynamic underbody that excels across a wide band of wind and water conditions.

Versatile on-deck seating—with adjustable sun lounges on the foredeck and flybridge sun pads, as well as lounge seating with a table on the aft deck and above on the spacious flybridge—ensures that family and friends will have multiple, distinctive areas to enjoy the great outdoors.

Large side windows and a multi-panel sliding glass door to the aft deck permit stunning views of surrounding waters from the salon and plenty of natural illumination, whether you are preparing meals at the modern galley aft, operating the vessel from the lower command station to starboard, or enjoying the view underway and keeping the helmsman company while sitting in the convertible lounge forward to port.

The Prestige 420 Fly offers spacious accommodations for four in forward and amidships cabins below. The layout includes a choice of two heads, or a single head and a multi-purpose area complete with hanging locker, laundry locker and storage. Finishes to suit owner's interior tastes include warm Moabi, rich Wenge, or contemporary Grey Oak.

Reliable Cummins twin diesel power, precision electronic steering and engine controls, help shorten the time to your next destination aboard the Prestige 420 Fly, while the standard joystick simplifies low-speed handling around the docks.
