Voluminous living spaces, natural light, easy flow of movement on board: these core concepts have guided the design process for the new X60. Her architectural statement, redistributed space, multiple zones for relaxation, and exceptional level of comfort on board make the X60 the worthy heiress of the X70, flagship of the line.

Designed for smooth, harmonious cruising, her design features a seamless connection with the sea. Entirely open, the "infinity cockpit" affords an incredible view of the ocean and easy access to the salon through a large electric sliding glass door.
