Summary/Description

The Catalina 24 offers unique beauty and functionality for its modest size, and its ability to make memories on the water is second to none. A patent-pending reversible helm seat unique to the Catalina 24.

The Catalina 24 offers unique beauty and functionality for its modest size, and its ability to make memories on the water is second to none. A patent-pending reversible helm seat unique to the Catalina 24. In its forward position, the seat is raised for optimal captain visibility. When converted to face aft, the seat creates a comfortable social zone. Integrated into the helm seat are storage pockets on both starboard and port sides, as well as custom upholstery with accents finished in varnished mahogany and stainless steel. Just below the helm seat, a 65-gallon Yeti cooler slides to accommodate the seat's position.
