Summary/Description

The Absolute 52 FLY is a new direction, a ground-breaking example of marine architecture that offers Absolute's trademark features, including many that are found only on much larger yachts.

The Absolute 52 FLY is a new direction, a ground-breaking example of marine architecture that offers Absolute's trademark features, including many that are found only on much larger yachts.

Everything was designed to ensure an exceptional cruising experience, with sensations of comfort and space heightened by ample headroom, a minimal use of steps, extensive glazing and countless design details that facilitate life on board for guests and crew.

Manufacturer Provided Description

The Absolute 52 FLY is the answer to a desire shared by every shipowner: navigating anywhere with ease, in complete safety, and without ever feeling far from home. This yacht is synonymous with progress and innovation: a combination that allows the merging of elegant and harmonious design, with a new concept of livability that is unrivaled on boats of this size. On the upper deck, an outdoor lounge that includes a table and a wet bar, can comfortably accommodate up to eight guests. Moreover, the technological and ergonomic helm station allows navigating surrounded by friends, always with everything under control.

The interior of the main deck features the finest woods, high-end furniture, and a modern, integrated style of engineering that all contribute to its luxurious qualities. Everything has extremely refined artisanal details.

The ordered layout outlines a well-equipped galley that is cleverly connected to the cockpit, a salon with a double sofa, a dining table, and a technologically-advanced steering position. The helm is equipped with a side door to facilitate maneuvering operations with access directly the side walkway.

Below deck, the master cabin is placed midship and takes advantage of an area that measures 50 square feet and features a large double berth. The master suite has plenty of walk-around room, high ceilings, beautiful furniture, a large sofa, lots of storage space, and side windows for amazing morning sunrises. The en-suite head is considerably roomy and has a separate, full shower. At the bow, the VIP cabin is also spacious and bright, while the guest cabin has two single berths. From the stern platform, it is possible to access the fourth aft cabin in total privacy.
