Inboard  
Fuel: Diesel  
Location: Port

### Engine 2

Volvo Penta  
IPS 950  
Inboard  
Fuel: Diesel  
Location: Starboard

## Summary/Description

Leading the way with a new curved silhouette, the Predator 55 is a stunning new motor yacht in the Sunseeker range.

The exterior has a sloping hardtop design, creating a low profile that stands out as a new aesthetic feature. The characteristic that makes the Predator 55 stand out from other yachts is the retractable glass and carbon fibre sunroof integrated into the hardtop. Operated via the helm console, the 2.5m x 3m sunroof electrically slides aft revealing the sky above. Combined with expansive glazing in all directions and a single piece double-curved windshield, the Predator 55 exudes a stylish new exterior presence while natural light fills the interior space, connecting seamlessly to the cockpit.

Innovation abounds within the aft cockpit where portside seating can be repositioned to meet the fixed seating and table amidships, with ample space for six, complete with an electrical sun canopy option above. This adaptable seating design enables occupants to sit comfortably whilst dining yet effortlessly clears the deck space when retracted to port. The large sun pad over the garage features adjustable headrest bolsters, built-in drinks holders and a view aft that guests will never tire of.
