Engine 1

Cummins
Inboard
Fuel: Diesel

Engine 2

Cummins
Inboard
Fuel: Diesel

Summary/Description

Sally is a real gem! 2022 Total Refit

Sally is a real gem!

2022 Total Refit

Built by Burger in 1959, this 60 foot beauty has been completely refitted by it's current owner. A refit that took just over 2 years to complete at the renowned San Germani ship yard in Italy. Nothing was overlooked during the refit and the attention to detail is evident throughout the vessel. Notable features are particularly the helm that was kept in it's original configuration with the addition of new Garmin electronics while still keeping it's classic iconic look. Sally is equipped with new Cummins engines, Seakeeper, Miele appliances, Garmin electronics and much more. The interior décor has been tastefully put together with high quality materials and craftsmanship. This is a great opportunity for a U.S. buyer to bring back home a turnkey classic. The vessel shows as new.

Call or message me for more details!
