- 770 Lbs. Foredeck Davit
- Spare Props

VESSEL WALKTHROUGH

With an advanced hull design, engines mounted forward and fuel tanks positioned amid ships, the 48 has superb balance and sea keeping abilities. Apply the power and you'll never bury the stern, ride bow high - or use fuel inefficiently. All goes to prove that the Maritimo 48 should be on your short list of boats to see.

The 48 Maritimo offers a wonderful life style. For cruising and entertaining, or diving and fishing, this boat is all about having a great time with your family and friends! Her impressive looks will draw lots of compliments at the marina. The 48 Maritimo is built tough and has plenty of tankage for cruising.

Step aboard and you will be impressed by the large cockpit with aft engine controls, built in transom BBQ and freezer, and solid teak decking that is as functional as it is attractive. Port and starboard transom doors lead to a large swim platform with wet lockers, a folding swim ladder.

From the cockpit, the sliding glass doors lead directly to the aft galley, the internal stairs up to the enclosed fly bridge and upper deck, and salon. On the bridge, in the salon, or in any of the three staterooms, you can crank up the 72,000 BTU's of reverse cycle A/C or open the windows and hatches and let the fresh air breeze through.

A full walk around with teak side decks, deep bulwarks, and rock solid stainless steel railings offer safe and easy access from the cockpit to the bow. The huge lazarette hatch on gas shocks in the cockpit leads to the closest thing to a floating garage. Whatever your mission, there is more than enough room for your supplies here. Another large hatch on gas shocks leads to the engine room which is well laid out with very good engine access.

Through the salon and down the steps, amid-ships to port is the master stateroom with an island queen that raises on gas shocks to reveal an incredible hanging and storage area. The ensuite head is bright, open, and easy to clean featuring generous storage and a large separate glass shower. The VIP stateroom is forward with a centerline island and private access to the guest head to starboard. Aft of the guest head, opposite the master to starboard is the third stateroom with two single bunk beds running fore and aft and the washer/dryer combination. These bunks can also be used for storage or an office.

CONVENIENCE & ENTERTAINMENT

- SAT/TV
- Bose Surround Sound AM/FM/CD/DVD
- Sirius
- 72,000 BTU's of Reverse Cycle A/C & Heat
- 21.5 KW Onan Generator Central Vacuum

- Cockpit Engine Controls
- Cockpit Bow & Stern Thrusters
- Cable Master Shore Cord Reel
- ESI Clean Fuel - on board fuel polishing system
- 5 Way Oil Change System
- 770 Lbs. Foredeck Davit

SALON & GALLEY

The unique aft galley with sliding glass doors to the cockpit is ideal for entertaining and cruising. Located between the cockpit and the salon, at the base of the internal stairs to the enclosed bridge, the galley is in the center of everything happening on the boat. The bright and airy salon features two L-shaped settees with generous storage under and a drop leaf table. The beautiful satin finish Myrtle wood cabinetry and trim and the lush Ultraleather upholstery create a warm and inviting atmosphere. The galley has Amtico Wood Flooring. Opening salon windows feature Luxaflex window blinds, tinted glass, and Textaline window covers enable ample A/C to cool comfortably on the hottest days. The Opening side windows, a door forward to the side deck on the starboard side, and sliding glass doors aft allow the breezes to flow through when the weather permits. AC and DC electrical panels are conveniently located aft to port at the base of the internal stairway to the enclosed bridge.

SALON

- Gloss Finish Myrtle Wood Amtico Wood Flooring
- (2) L-Shaped Settees w/Storage Wooden Drop Leaf Table
- Ultraleather Upholstery

- Window Fashions Blinds
- Bose Surround Sound AM/FM/CD/DVD SAT/TV

AMIDSHIPS MASTER STATEROOM

Through the salon and down the steps with a lighted hand rail, amid-ships to port is the master stateroom with an island queen with inner spring mattress that raises on gas shocks to reveal an incredible hanging and storage area. The ensuite head is bright, open, easy to clean, and features generous storage and a large separate glass shower. There is a deck hatch with a roll up screen/shade and a stainless-steel opening port in both the master stateroom and the master head. There is also a dedicated 12,000 BTU reverse cycle A/C unit for the master stateroom.

- 12,000 BTU Reverse Cycle A/C
- Island Queen Island Berth
- Gas Shock Actuated Storage under Bed
- (2) Night Stands
- (2) Additional Custom Storage Lockers
- Hanging Locker
- Deck Hatch w/Screen/Shade
- Stainless Steel Opening Port

MASTER HEAD & SHOWER

- Vessel Sink
- Large Glass Shower Stall
- Generous Storage
- Opaque Deck Hatch w/Screen/Shade
- Stainless Steel Opening Port

- Tecma Electric Head A/C Vent
- Exhaust Fan

VIP FORWARD STATEROOM

The VIP stateroom is forward and features a centerline island berth and private access to the guest head. There is another 12,000 BTU reverse cycle A/C unit for this area and a deck hatch with a roll up screen/shade. There is plenty of storage in two hanging lockers, two storage lockers, two shelves and drawers.

- Centerline Island Berth
- 12,000 BTU A/C
- Deck Hatch w/Screen/Shade
- (2) Hanging Lockers
- Storage Lockers Shelves Drawers
- Private Access to Guest Head

VIP HEAD

There is private access to the guest head from the VIP stateroom in addition to access from the hallway. The guest head is large, bright, easy to clean and very well appointed. It features a vessel sink, generous storage, a large separate glass shower stall, exhaust fan, A/C vent, and an opening stainless-steel port.

- Vessel Sink
- Large Glass Shower Stall
- Tecma Electric Head
- Opaque Deck Hatch w/Screen/Shade
- Stainless Steel Opening Port
- Generous Storage Lockers A/C Vent
- Exhaust Fan

GUEST STATEROOM 3

The 3rd stateroom is located aft of the guest head, on the starboard side of the boat opposite the master stateroom. It has upper and lower single berths running fore and aft on the outboard side. One or both of these berths may be converted for storage or and office. The washer/dryer unit is located here. There is also a hanging locker, a deck hatch, and a stainless-steel opening port.

- Upper and Lower Single Berths Convertible to Storage or Office
- Washer Dryer
- Hanging Locker
- A/C Vent
- Deck Hatch w/Screen/Shade
- Stainless Steel Opening Port

ENCLOSED BRIDGE

Even after a long passage in rough weather, you will arrive feeling rested and fresh after a day at the helm in the fully enclosed heated and cooled fly bridge with matching captain and mate Stidd seats. Tied up at your favorite marina or anchored in a secluded harbor, at sunrise with coffee or sunset with drinks, through the enclosed bridge sliding glass doors the upper aft deck will be your private balcony for you to relax and look out on the world around you.

- (2) Stidd Seats

- Sliding Glass Doors to Deck w/Awning
- 24,000 BTU A/C (2) Units
- L-Shaped Settee
- Satin Finish Wood Table Sink
- Refrigerator
- Overhead Hatch w/Shade/Screen
- Opening Windshield
- Opening Side Windows Tinted Glass
- Inside Window Covers
- Central Vacuum

HELM

Even after a long passage in rough weather, you will arrive feeling rested and fresh after a day at the helm in the fully enclosed heated and cooled fly bridge with matching captain and mate Stidd seats.

- Captain & Mate Ultraleather Stidd Seats
- (2) E120 Raymarine Displays
- Raymarine E-80 – Cockpit
- Engine Room Camera
- Simrad Autopilot (Helm & Cockpit Controls)
- Bow & Stern Thrusters (Helm & Cockpit Controls)
- (2) Smartcraft Displays
- (3) Electronic Engine Controls- Helm, Flybridge Aft Deck, Cockpit
- Spot Light
- Compass
- VHF
- Raymarine Tri-Data
- Trim Tabs
- Wood Grain Tilt Wheel

COCKPIT

The Maritimo lifestyle begins as soon as you step into the large secure cockpit. Sliding glass doors open directly into the aft galley and built into the transom is an electric BBQ with a large hinged lid that becomes a serving counter when opened. Also in the transom is a large, very efficient brine system freezer/refrigerator with a water-cooled compressor. This cockpit is not just for catching fish, it's great for cooking them too! Starboard and port transom doors lead to the large swim platform with two wet lockers, a folding swim ladder. For a party at the marina, diving your favorite reef, or launching your water toys, the Maritimo 48 is ideal!

- Sliding Glass Doors to Aft Galley & Salon
- Cockpit Engine Controls
- Bow & Stern Thruster Controls
- Cockpit Simrad Auto Pilot Cockpit Raymarine E-80
- Transom BBQ
- Transom Freezer/Refrigerator
- Teak Decking (Excellent Condition)
- Stainless Hand Rails
- Overhead Lighting

- Walk Around Teak Side Decks Port & Starboard
- Transom Doors Hot & Cold Cockpit Shower
- Folding Swim Ladder
- (2) Swim Platform Wet Lockers
- Gas Shock Hatch to Huge Lazarette
- Gas Shock Hatch to Superb Engine Room

DECK

The teak decking continues from the cockpit to the secure walk-around side decks with deep bulwarks and beautifully welded, extremely solid stainless-steel rails. The teak is in excellent condition. Stylish side overhangs offer some shade and a nifty place to keep your boat hook. There is non-skid fiberglass on the foredeck and cabin top. The quality of the finish work and the strength of the bow rail are very impressive. The deck and cabin house are incredibly solid under foot as testimony to the structural integrity of the Maritimo. The 48 Maritimo is built to support the optional 770 Lb. davit which is installed on the cabin top. The deck hatches are designed so they can be opened with the dinghy mounted on the cabin top. Forward on the starboard side there is door to the side deck from the salon.

- 770 Lb. Davit
- 12' Rigid Tender 2010 w/30 HP Tohatsu 4 Stroke OB
- Stainless Steel Bruce Anchor w/Chain Rode
- Muir 3500 24V Reversible Windlass w/Foot Switch & Helm Controls
- Heavy Duty Self Loading Anchor Roller
- Divided Anchor Locker w/ Wash Down
- Custom Stainless-Steel Rails and Cleats
- Textaline & Sumbrella Windshield Covers

MECHANICAL EQUIPMENT

The engine room is exceptional. There is excellent access all the way around both engines. It is clean, well lit, and roomy with convenient entry through the cockpit hatch. The fiberglass pan and engine beds provide a finely finished gel coat surface. Foam with vinyl covering overhead insulates for quiet operation and a finished look in the engine room. Filtered air intakes through the cabin house rather than the hull sides dramatically reduce salt air in the engine room. The single 924 gallon fiberglass fuel tank forms a structural bulkhead forward in the engine room. Located on the center of buoyancy, the fuel level does not affect the trim of the vessel. A sight tube shows the exact fuel level. There is plenty of room outboard of the engines where molded boxes with hinged lids house all the batteries for the 24v DC engine, house, and inverter systems.

- Spare props
- Cockpit Hatch to Engine Room
- Engine Room Camera
- Excellent Engine Access
- Twin Diesel Cummins QSM-11 660 HP
- ESI Clean Fuel - on board fuel polishing system
- 5 Way Oil Change System
- ZF Transmissions
- 21.5 KW Onan Generator in Sound Shield
- High Performance Power Steering
- Dripless Shaft Seals
- Automatic Fire System
- 6 Automatic Electric Bilge Pumps
- High Water Alarm

- 110v AC & 24v DC Lighting
- Fiberglass Fuel Tank Forward Fuel Tank
- Site Tube
- Onan 21.5 KW Generator in Sound Shield Hrs
- Racor Fuel Filters
- Raw Water Strainers
- Convenient Battery Storage
- Convenient Access to Engine Room through Cockpit Hatch
- Sound Temperature Insulation
- Air Intake Filtration System
- Molded Fiberglass Engine Room Liner and Engine Beds with Gel Coat Finish
- Engines Forward for Better Shaft Angle and Trim
- Alloy Diamond Plate Floors

ELECTRICAL SYSTEM

The AC and DC panels and all battery switches are conveniently located just inside the salon sliding doors on the port side at the base of the internal stairs to the enclosed bridge. The DC ships service is 24 volts. There are two 110v circuits powered by the 220v 50 Amp shore cord on a Glendinning cord reel or the 21.5 KW Onan Generator. The inverter and dedicated batteries provide 110v AC power to engine room lights and outlets in each head and the galley.

- Onan 21.5 KW Generator in Sound Shield
- Inverter
- Dedicated Engine Bank Battery Charger
- 50 AMP 220 Volt Shore Cord Glendinning Cord Reel
- (4) Engine Start Batteries
- (4) House & Inverter Batteries
- Generator Battery
- 24v DC Electrical Panel in Salon
- All Battery Switches & Parallel Switches in Salon
- 110v AC Circuits on Panel in Salon
- Generator Remote Panel in Salon
- AC and DC Engine Room Lighting

REMARKS

Maritimo is unique in the world of yachting for its common-sense approach to design and construction. The result is a craft that is ideal for the cruising lifestyle. She is unmatched in livability-totally self-sufficient with plenty of fuel and power, the cockpit grill, huge storage areas, aft galley, spacious salon, enclosed bridge, full walk-around decks, tender with davit, generous A/C, opening windows, 3 staterooms, amid-ships master and so on. Inside and out, she is elegant but simple. Her hull shape and engines forward design with the fuel tank forward on the center of buoyancy results in very low shaft angles and excellent trim for fuel efficiency and a smooth ride in rough seas. The large fuel tank and efficient performance provide excellent speed and range. The entire boat and all her systems are simple and robust she's got the tankage for cruising. Her impressive good looks will draw lots of compliments at the marina and she is built and designed to take you far off the beaten path whenever you want to get away.
