Summary/Description

1985 Jersey Dawn 40

Jersey Yachts are well known as rugged offshore fisherman with solid fiberglass hulls. Jersey remained a family owned company until 1989. The earlier 40 Executive model was restyled in 1983 and introduced as the Dawn 40 with better directional stability and a larger cockpit. This is the more popular single stateroom, galley down layout that has a larger open feel to the interior. There have been many upgrades to the interior and exterior of this well cared for example. She is powered by the Caterpillar 3208s and performs well. Call for an appointment to see her in Sales Tax free North Kingstown, RI today.
