Summary/Description

Well equipped 3500 Tiara Express

The 3500 Express is a nice express with luxury-class accommodations and an oversized cockpit. She's built on a modified-V hull with a solid fiberglass bottom, prop pockets, and a wide 13'9" beam. The interior is huge for a 35-footer thanks to her super-wide beam. The big lounge next to the cockpit steps can be converted into a private stateroom at night, and both sleeping areas have folding privacy doors instead of curtains. A removable pedestal seat allows the dinette to seat five. She has nice interiors for a midsize express. Additional features include a teak cabin sole, transom storage locker, single level cockpit seating for eight, and an optional four-foot swim platform for stowing an inflatable or PWC. She is powered by T-420 HP Cummins V-Drive diesels with 1076 hours and has a 6 kW Onan generator.
