Summary/Description

The X30 Villa offers an idyllic design for next generation owners seeking maximal pleasure through optimal liveability of an efficient catamaran platform. Akin to large apartment living, the Residence offers innovative architectural features in an open plan, multi-level layout. Casual living was the mindset behind this project offering owner's and guests a more laid back experience and a new definition of enjoyment on the water.

OPEN STERN DNA

The X30 continues an Extra's beach club approach of facilitating aftward views with direct connection to the sea. The beamy aft cockpit can be configured in any manner with loose furniture and is protected by a glass balustrade so as to not impede the view.

The multifunctional high/low platform supports a 5+ meter tender and personal watercraft, and can be aligned with the swim platform to create a much larger beach area.

The current layout offers VIP cabins with direct transom access to enjoy the sea without .
