Engines/Generators

Summary/Description

Hatteras 1975 43 Double Cabin Motor Yacht. Very well maintained and updated. Spacious living area, large dining and entertaining area on the aft deck. Two bedrooms and two bathrooms. A great live aboard or weekender. This vessel does not stay tied to the docks; the twin naturally aspirated Cummins engines fire right up and are ready to take you cruising. Want to stay anchored in that private cove, fire up the recently replaced Onan generator and relax. Live the Lifestyle! Use as an on-water condo!
