Summary/Description

The original Blackfin 36 Convertible was introduced in 1986. "Reel Therapy" is a proven deep-V ride with fishability, a two stateroom galley up design makes this a great family cruiser or offshore battle wagon with a solid fiberglass hull, plenty of beam, and a very seductive low-profile silhouette. Her upscale air-conditioned accommodations allow her to serve as a very suitable and safe family cruiser. This is a two-stateroom layout. Powered by 485 hp. Detroit Diesels with only 120 hours since MOH, she will cruise at 25 knots and top out at 28 knots. Equipped with an 8 kw. newly rebuilt Genset, both engines and transmissions have been majored and both turbo's replaced less than 120 hours ago, and well maintained by a knowledgeable owner. Ready to fish or cruise
