## Summary/Description

2023 Quad Suzuki 350 HP 4-Stroke Outboard Engines w/ 135 Hours and Full Factory Suzuki 5 Year Engine Warranty

SYN started life out as a 1999 enclosed deck Nor-Tech 5000v w/ triple Yanmar diesels. She went under an extensive 2-year transformation into a center console completed in 2022. The Diesel engines were removed, and the entire cabin, deck, and floor were cutout. The new top cap, floor, center console, hardtop, and seating are all custom one-off pieces. All the rigging and wiring are meticulously done, and everything is accessible and easy to service. With 660 gallons of fuel and a 100-gallon freshwater tank this is a great boat for running back and forth to the Bahamas. If you are in the market for a large center console at a fraction of the price of a new one, then do not miss the opportunity to own this amazing vessel.
