- Cockpit Table
- Swimming Ladder

Manufacturer Provided Description

Step aboard and you will find an expertly-crafted second station that gives you more control than ever before, extending your vantage point and taking your angling adventure to new heights--literally. The 246 builds upon the tradition of Robalo's go-anywhere Caymans, a family of bay boats that are just as comfortable on offshore adventures as they are at shallow nooks and crannies by the coast. Ample deck space gives you room to welcome the whole crew on board, a perk that the addition of the Sky Deck only amplifies. Built-in storage for everything from rods to live bait to tackle is abundant, so you're never limited by the capacity of your ride. That convenience extends up to the second station, where stainless-steel drink holders make it easy for you to kick back and stay perched there however long you like.
