Summary/Description

IN STOCK, Save 80K! CALL TODAY!! The Go-Anywhere, Do-Everything Boat! True North is Catalina's entry into the Downeast style powerboats. These are traditionally styled with great performance and the classic quality and value that Catalina is known for.

We are the True North Dealer from Texas to Florida.

Flag Blue HULL, TWIN 300HP SUZUKI'S, GENSET, A/C, THRUSTER, FULL ELECTRONICS. SEE FULL SPECS FOR MORE INFO!

All New True North 34 Outboard. Built in Largo, FL.

This go-anywhere boat combines the timeless good looks, outstanding all-weather performance, spacious interior, and impeccable reputation that all True North boats are known for with the efficiency, speed, maneuverability, and shallow draft that twin 300 horsepower outboard motors provide.

New Standard Features and some options that you will be seeing on the 2024 True North 34:

- A new aft pilot house seat that allows for easy retrofit of a door/window combination.
- A new, higher helm/ dash for a more ergonomic driving position.
- A new, larger cockpit seat with cushions and arm rests.
- A new, aft cockpit locker with storage, drink holder, folding seat and door.
- A new standard Llebroc co-pilot helm seat.

Hidden TV with electric fold down actuator system and surround sound integration.

- Zipwake trim tabs.
- SureShade

The Go-Anywhere, Do-Everything Boat

The accommodations plan is designed for adventurous people who want to experience nature – comfortably. The main living spaces (including galley) are all on one level and connect seamlessly to the spacious cockpit in the stern. Warm and dry when it's rough, open and airy when it's not – you'll always have an intimate connection to your surroundings. Add in your adventure options, and there's no weekend you can't conquer.

Social Boat

Boats can bring people together better than any other activity. Eating and socializing with friends and family is more than half the fun. All current True North owners agree that one of the most popular features of the boat's "open concept" interior is the "galley-up" configuration, and the Outboard Express is no different. Serious cooks love the large and well-equipped galley and everybody loves being up in the center of the action.

Design Makes the Difference

The Outboard Express performs exceptionally well on flat water in fair weather. But its unique ability to handle rough weather and stormy sea conditions is one of the many elements that sets this boat apart. The sharp, plumb bow slices through the waves instead of pounding on top of them when the seas build. The hull's balanced displacement and flatter aft sections deliver a rock-solid ride in virtually all weather conditions. And since the hull design is inspired by boats that work all year long in all sorts of conditions, we can almost guarantee you won't miss a day on the water (or be stranded in port) when the weather takes a turn for the worst.

Made in the USA

The True North 34 Outboard Express is built by highly experienced craftsmen in Largo, Florida, and is the brainchild of boat builders who have a distinguished record of helping to create some of the most successful powerboats and sailboats of the last 25 years. The combined boat-building experience of the True North team is measured in hundreds of years and you can see the quality that only that kind of experience can produce in every boat we build. And we take requests! Some of our adventure options were ideas that our owners brought to us. If you find a new toy or a new way to stow a piece of gear, we'll engineer a solution that will make it easier to use.
