Engines/Generators

Summary/Description

For Sale

The Krogen 70' project was driven by customer interest in an even more spacious raised pilothouse design with increased hospitality. For many owners, the pilothouse is not only the navigation and systems control center of their yacht but a social center as well. With an expanded U-shaped pilothouse settee, larger table and a penthouse-like view, the Krogen 70' has real game room potential. And with family and friends aboard, no matter the dish or occasion, there can be no better venue to prepare meals, snacks and hors' d'oeuvres than in the truly home-like galley of these new models—fully equipped with full-size, top-of-the-line appliances including a six burner commercial range. Plus, the massive galley is open to the saloon with a breakfast bar. Opposite the galley is a wet bar with easy access from the cockpit, saloon and pilothouse. The details of the Krogen 70' have incorporated all the best features of the Krogen 58' and produced an owner-operated vessel with even more flexibility and accommodations for the cruising lifestyle than one could have ever have imagined.

Since the first Kadey-Krogen was launched in 1977, our yachts have confidently cruised the world. No other builder has our length of experience or dedicated owner feedback, and as a result, the new generation of Kadey-Krogens are by far the best long-range choice available - on any sea.
