John Deere  
Inboard  
225HP  
167.78KW  
Fuel: Diesel

### Engine 2

John Deere  
Inboard  
225HP  
167.78KW  
Fuel: Diesel

## Summary/Description

An incredible opportunity awaits to acquire a meticulously maintained 2023 SUNREEF 70 sailing catamaran. This exceptional yacht was constructed to meet commercial standards, boasting a plethora of options, and being fully prepared for immediate use.

## Overview

An incredible opportunity awaits to acquire a meticulously maintained 2023 SUNREEF 70 sailing catamaran. This exceptional yacht was constructed to meet commercial standards, boasting a plethora of options, and being fully prepared for immediate use. The vessel, known as OV, has been diligently looked after by a devoted professional team, ensuring no expenses were spared. Since its creation, OV has exclusively served the private use of its owners, having sailed from Gdansk, Poland to the Mediterranean, and is now berthed in Cyprus.

OV represents the epitome of customized excellence, earning the prestigious title of Best Sailing Yacht at the esteemed 2021 International Yacht & Aviation Awards, the Sunreef 70 stands apart from its competitors, offering an excellent blend of sailing performance with its unique luxury environment.

Walking on OV's main deck saloon, there are two generously proportioned U-shaped sofas on port and starboard. The portside sofa has a table accommodating 8 guests, the perfect setting for memorable gatherings. The starboard settee area offers the perfect relaxation area, ideal for watching your favorite movies with family and friends. Forward on the main salon, a wet back, and the navigation table, to plan your favorite trips. The interior is adorned with a palette of grey, silver, and Eucalyptus wood veneer, ensuring an elegant and contemporary atmosphere throughout.

Designed to accommodate up to 8 discerning guests, OV's layout is unique. The starboard inside hull offers an expansive master suite, featuring a king-size bed, 60' screen TV, and an exquisite ensuite bathroom, and moving forward, a spacious guest suite with an ensuite bathroom. This hull also accommodates the captain's quarter, with an ensuite bathroom. The port inside hull showcases two guest cabins, each with its own ensuite bathroom, and an extra-large galley designed by the owner to offer selected chefs the best environment to create an extraordinary culinary experience.

All are meticulously crafted to provide the utmost ambiance, stepping out onto the aft deck from the main saloon, a spacious alfresco dining area with a backdrop of breathtaking views. Complementing this is a large hydraulic swim platform, to offer the perfect transition into azure waters. Moving to the forefront, the large terrace boasts an expansive full-beam lounging area, complete with seating arrangements for relaxation under the sun. Moving up, the impressive flybridge offers a center u-shape sofa with its dining convertible table with on starboard, a fully equipped wet bar, with an icemaker, and a BBQ. A 4-person Jacuzzi boosts this area, to offer memorable moments of conviviality with a 360-degree panoramic view

Powered by twin John Deere 225hp diesel engines (upgraded propulsion pack) and a 27kW generator, OV is ready to set sail with a HydraNet mainsail as well. Every detail in the design and specifications of OV reflects the owners' commitment to their evolving lifestyle, manifesting in a vessel where luxury knows no bounds. Regrettably, the owners'

ambitious dream of blending their professional and personal lives while at sea did not come to fruition. The imminent joy of impending grandparenthood ultimately prompted the owners to seek a new home for OV.

### Key Features

- 6 x Cabins, 6 x heads, comfortably accommodate 8 guests, captain and crew on forepeak berths
- John Deere 225HP engines, ensuring reliable performance
- The best marine AC 150k BTU ultra-efficient for optimal onboard comfort
