Price Just Reduced

Don't be fooled by her age! This two owner yacht has super low hours and had been impeccably maintained since new. She has received many recent upgrades from her current owner. Representing the largest model in the Phantom range from Fairline, "No Tan Lines" is all luxury and performance with the heart of an athlete. Robust all fiberglass construction with fully tabbed decks and bulkheads means she is as tight as the day she was built; unlike lesser built yachts in her class that give you an audible reminder with every wave.
