2021 Tige ATX Surf Boats 24 Type-S

This 2021 Tige ATX 24 Type-S has recently come to market. With very little use, this is a great opportunity, she is clean and ready to roll. Never used for Wake Boarding. Sitting on her new trailer and easily viewed.

Call today for more details and to schedule a showing.

Manufacturer Provided Description

Imagine a boat that delivers wake performance in a league of its own. A boat that is downright sporty, at the top of the game, and dominates in the water. The Tige ATX 24 Type-S is all that and delivers the most boat for the buck on the whole market.

The 24 Type-S puts a premium on performance and simplicity on versatility. When you're ready to GO, so is your ATX. Ride ocean-worthy waves, rampy wakes, or throw down a slalom set at just the push of a button. The GO System powered by TAPS 3T will have you riding in seconds. TAPS 3T, meaning 3 tons of pressure, the patented Convex V Hull, and 3,750 pounds of ballast will ensure that your day on the water is epic and effortless.

When it comes to functional layouts, we became ingeniously inventive. Take a seat in our standard reverse facing seat, or give your transom a transformation with the walkthrough upgrade. No matter which you choose, you'll be cruising in comfort.
