FULL DESCRIPTION - WELCOME ABOARD M/Y OTOCTONE

Launched in 2021, Otoctone 60 is an exclusive motor yacht blending extreme comfort, elegance and bespoke interior design with cutting edge technology. She is part of the popular 60 Sunreef Power range that was awarded 'Best Power Driven Catamaran' at the 2020 World Yacht Trophies. The 60 Power is a majestic yacht boasting modern, sporty lines offering unmatched stability and seaworthiness in supreme luxury.

This yacht's deluxe interior is made up of natural materials, cozy textures and a chic palette of anthracite, grey and earthy tones to create an indulgent, glamorous, yet peaceful atmosphere onboard. Natural sunlight is always a feature of the interior as it floods through the panoramic windows and skylights.

She offers a three cabin layout accommodating up to six guests overnight. The two identical guest cabins are in bow of the starboard and port hulls and both offer double beds and spacious en-suite bathrooms. The lavish master suite is found on the portside of the main deck and boasts a supreme level of comfort with a king size bed, large TV, and walk in dressing room. In the en-suite bathroom you will find a walk-in rainfall shower and contemporary design that reflects Otoctone's style. Otoctone also offers accommodation for a full-time professional crew.

The exterior space on this yacht has been carefully considered to give guests maximum opportunity to relax and socialise and also provides space for outdoor yoga and fitness sessions. Inside the vast aft cockpit, guests enjoy the dining area with an automatic height-adjustable table, large daybed and fully-equipped wet bar. The full-height glass doors fully retract and means the stern cockpit opens wide onto the main deck saloon which is a great option for socialising with guests, with a dining area to port and a lounging space to starboard.

The vast flybridge not only offers some of the best views in the house, but it is another great area for relaxation, offering a large L-shaped settee and sunpads around the dining table. It is also the ideal spot for a party or social gathering as guests make the most of the wet bar with barbecue, fridge and ice maker for the most refreshing cocktails!

Otoctone 60 comes with smart storage options, with the aft garage accommodating a personal watercraft, a selection of water toys and a refueling station. The yacht's hydraulic aft platform not only carries the tender,

but also acts as a swim platform or beach club when lowered allowing guests to feel closer to the water.

SPECIFICATION - 1. FEATURES

- 60 Sunreef Power Galley Down version (Master Cabin, 2 Guest Cabins, Crew Cabin)
- Accommodation for up to 6 guests

- Hulls, deck, flybridge and all structural bulkheads constructed of E-glass sandwich laminate with reinforcement by infusion process
