Fuel: Diesel
Year: 2023
Location: Port

Engine 2

Yanmar
6LY-400
Inboard
400HP
298.28KW
Fuel: Diesel
Year: 2023
Location: Starboard

Generator 1

Phasor
K-3
7KW

Summary/Description

Anka's journey began with a simple question. We took the heritage of luxury and style and re-imagined it for new generations. With state-of-the-art manufacturing technology and creative vision, we adapted the superyacht to the modern world and made luxury yachting accessible by giving control to our sea lovers.

JFA Yacht & Ship has just committed to promoting the newest Yacht Brand being built in Turkey! JFA Yacht & Ship will debut ANKA YACHT's brand new Coupe Cruiser 45 at the Sarasota Boat Show! Either as a Superyacht luxury tender or as a stand alone cruiser this Coupe 45 manufactured by ANKA Yachts is a piece of floating art that allows those onboard to discover what every yacht owner knows: that it's the tender, not the mothership, that gets you where you really want to be. Up the river, inside the reef, close to shore, so that you can enjoy that private excluded beach — where you can find peaceful solitude or simply arrive in style to your favorite dockside restaurant. Want to learn more about this much anticipated Turkish built delight and all her unique qualities that would inspire James Bond fans ...

45' Coupe Cruiser

Technical Specifications 2023
