Summary/Description

The Pardo 38 is a synonym for power, elegance, quality and comfort, with endless customization possibilities.

AVAILABLE NOW FOR IMMEDIATE DELIVERY!!!

An excellent entry-level model for the luxury toy connoisseur, the Pardo 38 will broaden your horizons on what a day cruiser can achieve. Owners have a choice with the Pardo 38 between inboard and outboard propulsion. For inboard cruisers, the Volvo V6-280CV is standard, however upgraded power includes the D4-300, D6-380, or the D6-440. Outboard engine enthusiasts will be able to select twin Mercury Verado 300HP's, 350 HP's, or triple 300 HP's. The Pardo 38 will achieve planing speeds at 14 knots and will reach 50 knots at wide open throttle. This is truly a boat that perfectly blends speed and luxurious comfort.

Hand-built by expert artisans for a sophisticated owner who appreciates high-quality, top design, luxury, power, and comfort, the Pardo 38 is a wonderful blend of the very best attributes that the Cantiere del Pardo shipyard has to offer.

The walkaround deck plan ensures safety, easy movement and well-being on board. The T-Top is built in pre-preg carbon technology covering the wheelhouse area with an optional electrical bimini that can cover the dining/lounging area at stern. The lounging areas are located both at the bow with a large and comfortable sunbathing area for three people, and at the stern with two settees and a foldable table allowing the space for six.

The interior can be configured with two different layouts: standard layout includes one cabin with a double bed and a separate shower/head area. As another option, the Pardo 38 offers a second cabin with two single beds. Its bright and spacious interior volume, generous heights and excellent natural ventilation, allows Pardo 38 to reach perfect space distribution for a 38-footer.
