Summary/Description

Space, luminosity, elegance and comfort. The innovative concept of the Pardo GT stems from an idea to create a convivial boat that could best connect the interior with the exterior.

AVAILABLE NOW FOR IMMEDIATE DELIVERY!!!

Space, luminosity, elegance and comfort. The innovative concept of the Pardo GT stems from an idea to create a convivial boat that could best connect the interior (the sheltered area) with the exterior. The boat features innovative solutions that maximize the comfort of life on board and the ease of use in every moment of the nautical routine.

The architecture of the spaces allows two layout options: galley up and galley down. With the first one, it is possible to have a lounge area with TV or a third cabin with a bunk bed on the lower deck level, with the second one, the square of the dinette is even bigger and the kitchen below deck is even more equipped for use even in colder weather conditions.
