## Summary/Description

Sporty lines for a layout devoted to comfort and highly versatile: Absolute 48 Coupé stands out for her bold style, high level of usability, and a strong commitment to sustainability.

**Sporty lines for a layout devoted to comfort and highly versatile: Absolute 48 Coupé stands out for her bold style, high level of usability, and a strong commitment to sustainability. The cockpit is wide and extremely cozy, with no visual barriers or fixed obstacles and therefore its space can be adapted to multiple configurations. The opening of the side gunwales offers a direct view of the sea and the new glazed balustrades towards the stern give an unparalleled scenery, even from the salon and the helm station. The outdoor furniture can be easily arranged in different configurations, adapting to the different needs onboard: perfect for either maximum relaxation or intriguing conversations.**

**In the salon, the large side windows envelop the entire deck and, together with the panoramic windshield, offer uninterrupted visibility. From the inside, the breath-taking view turns into an actual 360-degree panorama. Moreover, the windows can be electrically opened, letting in the sea breeze and creating a pleasant, natural air recirculation.**

**The Absolute 48 Coupé shows a strong commitment to sustainability: her roof is equipped with a set of solar panels, one of which is transparent to let in the natural light without overheating the room. Innovative and forward-looking engineering, to ensure a unique journey also below deck, where three comfortable cabins with high ceilings offer unparalleled livability for yachts of this size. The concept of the horizon becomes a new boundless dimension where it is possible to experience something unique and unprecedented.**
