300HP

Fuel: Gas/Petrol

Year: 2023

Summary/Description

For Order - The Nimbus Tender 11, or T-11 as it's known, is an exceptionally well-designed and built day boat or tender for your larger motor yacht. The air-lubricated stepped hull design and low planing threshold will make driving the T11 a joy as the bow section cuts through the waves.

While her performance will leave you in awe, don't forget about the social and entertainment aspect of this boat which are quite incredible for its size. The helm is raised for visibility and has comfortable seating for three. The bow seating area offers an exhilarating ride when running at WOT with nice bench seating and a sunpad. Aft of the helm are two rows of seats with a pedestal table and the seats farthest back actually double as a sunpad near the transom. A very well-thought out design!

Quick Facts
