Year: 2024
Location: Middle

Summary/Description

There is nothing more exciting than having a boat built to your exact desires. Let us help you configure a boat that is right for you!

Manufacturer Provided Description

SUPER YACHT STYLE

After the tremendous success enjoyed by the Jeanneau Yachts 64 over the past 8 years, comes the all-new Jeanneau Yachts 65. Designed by Philippe Briand with interior styling by Andrew Winch, the Jeanneau Yachts 65, complete with the award-winning walk-around deck, sets a new standard for vessels of this size.

UNDERWAY

Designed with world-cruising in mind, the Jeanneau Yachts 65 features a powerful and proven hull and is offered with a variety of sail plans and rig options. A key feature of this exciting new model which has proven so popular on the Sun Odyssey range is the walk-around deck, enabling easy access when moving fore and aft as well as in and out of the cockpit. Like its predecessor, the Jeanneau Yachts 65 has been optimized for on-deck living. Spaces specific to the operation of the boat, lounging, dining, and access to the sea have been carefully incorporated into the design of the boat to create an environment that is both comfortable and practical.

LIFE ON BOARD

Engineered for choice, the Jeanneau Yachts 65 is a semi-custom yacht offering a variety of layouts to meet the needs of our clients. Down below, the interior can only be described as being open and contemporary, offering two choices of finishes and a host of different fabric and color options. The onboard systems have been uniquely engineered for reliability and comfort aboard while the equipment itself has been carefully selected for both quality and serviceability around the world.

Given the tremendous achievements of the Jeanneau 64, the Jeanneau 65 is ideally poised for even greater success as she takes to the oceans of the world beginning later this year.
