Summary/Description

The world reference in cruising. Oceanis is our range of long-distance, blue water cruisers & for years has set the standard for sailboat design and construction. With a hull that is a marvel in hydrodynamics, Oceanis delivers superior performance while providing stability and safety under sail.

IN STOCK - NEW ORLEANS

Oceanis 51.1

THE 50-FOOTER THAT OUTPERFORMS THE COMPETITION

With sleek lines, a new stepped hull, and a stylish deck plan, the Oceanis 51.1 is the first of a new generation. Easy to shorthand, comfortable and smart, she offers more than seven hundred combinations of customizations, ensuring there is an Oceanis 51.1 for every sailor's requirements.

NAVAL ARCHITECT : BERRET RACOUPEAU YACHT DESIGN

INTERIOR & DECK DESIGN: NAUTA DESIGN

EXTERIOR DESIGN

One-third of the Oceanis 51.1's hull is now stepped. In addition to the aesthetics of this flared shape, the new hull creates additional interior space, which in turn allows for exciting new layouts below. Her sleek, modern lines will turn heads in every harbor, while her deck and cockpit setup, replete with relaxation and lounging areas, offers a delightful blend of comfort and safety, both at sea and at anchor.

INTERIOR DESIGN

Large portholes suffuse the elegant Nauta Design interior with light, creating a wonderfully warm atmosphere below, and offering incomparable views whether you are sitting or standing. An elegant palette of woods and upholsteries guarantees your tastes are reflected and ensures your boat will always feel like home no matter where it is in the world.

RENEWAL OF THE CRUISING YACHT

The Oceanis 51.1 is spacious, elegant, cleverly designed, and fast.

SMART

The furling mast, self-tailing jib, and all the halyards and sheets on the standard model are brought back to a single winch at each of the helm stations, making her simple and easy to sail. As for harbor maneuvering, Dock & Go technology simplifies everything.

THE HEIGHT OF COMFORT

The architectural choices that stand out on the Oceanis 51.1 are reflected in her habitability and an incredible amount of space. Inside, the owner's cabin has an en-suite shower room and toilet, and a 1.6 m wide island bed. The fully-fitted U-shaped galley has many convenient features. Truly a space to enjoy together, it is as pleasant to use under sail as it is at anchor.

FIRST LINE

Fitted with an extra-long carbon or aluminum mast, the Oceanis 51.1 First Line has up to 35% additional sail area in high-tech materials. The boat has a 2.8 m lead bulb keel in this high-performance configuration. This reduces weight and hydrodynamic drag. To complete this version, a composite steering wheel, top-of-the-range deck fittings, and sprit marry speed and cruising and promise an all-new experience.

EQUIPPED WITH SEANAPPS

The easiest way to keep your boat safe and ready to cruise anytime.

The new Seanapps app is the ultimate solution to help you indulge your passion for boating. With the touch of your finger, you can easily connect, monitor and order services for your boat – from routine maintenance to requesting a wash or fuel or having us complete a repair.
