Fuel: Diesel

Summary/Description

For Sale

A touch more style, the next generation of Expedition yachts, the superb 126' aft house explorer yacht by Luiz Debasto design has the same impressive sea keeping qualities that INACE is famous for.

The aft deck and swim platform have been extended in this version also creating more room on the bridge deck and flybridge deck and increased space in the engine room. The extra space has allowed us to expand the seating areas on all of the decks.

There is a large master plus 4 ensuite guest cabins and a great skylounge and flybridge There is tons of room for for toys and a large tender. The expedition yacht has a 4000 NM cruising range to take you anywhere. The huge engine room easily accommodates twin Cat engines and generators. Built to ABS and MCA specifications for your safety as well as the highest standards.

PRICE ON REQUEST. **5% Commission to Selling Broker**

Just Added Scale model images have been added at the bottom of the page
