OCEANIS 38.1

GET TO KNOW HER

In the tradition of the latest 41.1, the Oceanis 38.1 cleverly combines practical features, performance, and elegance on a boat size where function generally outweighs personalization. The Oceanis range continues to stand by its desire to offer a wide range of options.

NAVAL ARCHITECT: Finot - Conq

INTERIOR DESIGN: Nauta Design

EXTERIOR DESIGN

The Oceanis 38.1's chined hull offers particularly surprising cruising comfort. Good and taut to aft and low on the water, the rigidity under sail of this cruiser takes her further and faster, with exceptional stability. It is a joy to have two helm stations, a mainsail arch, and a huge swim platform on a sailing yacht this size. Underway, she is nimble and fast, easy to sail shorthanded but with a large enough cockpit to accommodate bigger crews.

INTERIOR DESIGN

For the Italian design team, the challenge was to multiply the living spaces in the salon and offer greater privacy in the owner's cabin, while maintaining the visual perspective offered in previous versions.

The new L-shaped galley optimizes seating space in the salon, allowing up to eight people to sit around the table.

LIVING SPACES A PRIORITY

MAXIMIZE SPACE

The chart table has been redesigned. Practical and effective, it folds away to leave more room in the salon. Designed to suit a variety of sailing programs and increasingly different lifestyles on board, the Oceanis 38.1 is available respectively in 6 versions with various layouts: number of cabins and bathrooms, modularity of the saloon, choice of galley, storage capacity, etc.

SEPARATE OWNER CABIN

Now accessible by a double door, the owner's cabin offers wonderful privacy.

This new separate space has a pleasant forward view of the boat when the doors are open.

TAILOR-MADE INTERIOR ATMOSPHERES

The Oceanis 38.1 offers a choice between a contemporary White Oak or a more classic Walnut atmosphere.

Once the interior wood selection has been decided upon, a choice of hull linings and upholstery colors adds the finishing personal touches.

12V AIR CONDITIONING

Enjoy an air conditioned interior while out sailing without the weight, fuel consumption, and noise of a generator.
