Summary/Description

The Excess 15 has been designed for all those who dream of a cruising catamaran offering proper sailing sensations. Aboard this catamaran, you'll experience so many emotions: aesthetic and sporting.

WELCOME ON BOARD!

With an area of 125 m² (1,345 sq ft) and her 25-meter (82') high mast, the Excess 15 is the largest in the new Bénéteau Group family.

In addition to her large spaces, this boat has twin helm stations, located after the end of each hull, which are designed to increase the pleasure of sailing.

As for the interior, there's a huge raised saloon/dining area with a 360° view of the sea through non-smoked bay windows. Depending on the desired space, you can choose between three, four, or even six double cabin versions. The catamaran's 8-meter (26'3") beam offers a cockpit large enough to accommodate a beautiful table, around which eight people can easily sit.

Her unique, balanced and seductive lines embody the spirit of Excess while combining this with the comfort of a large cruising catamaran.

A MODERN ATMOSPHERE

The Excess 15 has been designed to offer you a lively atmosphere onboard your boat. An interior energized by brilliant light, a perfect design of simplicity, interior woodwork in Cedar & White Touch. Don't wait any longer and choose from three designs proposed for customizing your catamaran!

INSPIRED BY RACING, BUILT FOR CRUISING

Thanks to her sporty rig offering a super advantageous aspect ratio and the optional Pulse line rig - which offers more than 10% of sail area/displacement ratio - the promise of thrills are guaranteed. Maneuvering is simplified with titanium-style aluminum stanchions and cleats, and Dyneema steering cables to improve responsiveness and sensitivity of the helm feel. This catamaran even adopts the aesthetics of racing boats, with fluorescent fiber guard wires with the Excess signature!

TWIN AFT HELM STATION

From one helm station to the other, the Excess 15 offers an ideal view of the sails, the sea and the bows. This double helm is also a guarantee of both feel and efficiency. The control is direct, you are connected to the boat and sail trimming is right there, at your fingertips.

BREATHTAKING DESIGN

The Excess 15 has an assertive and qualitative personality that breaks with the codes of traditional sailboats. Her design embodies this new philosophy, both modern and sporty. The Excess 15 is a boat with character, accomplished, balanced and distinguished: refined lines, elegant proportions, perfect balance.

The Excess 15 has been designed by VPLP design, one of the most renowned naval architecture companies in the world. The exterior design is by Patrick le Quément. And Nauta Design has made sure that the interior design meets your expectations.

OPENING TO THE STARS

The Excess 15 gives you the unique opportunity to transform your cockpit to suit your desires. Open or closed, activate the sunroof as you wish, to enjoy more privacy or alternatively get a clear view of the sails, the starry night sky or just enjoy a light breeze in the evening at anchor.

New Option for the Excess 15

The Skylounge makes its debut on the Excess 15! - See Video

An additional living space when you're at anchor? This was the request from several Excess customers.

The Excess team has therefore come up with a new option for 2022: the Skylounge!

In order to meet this demand in the best possible way, without affecting the boat's sailing qualities, the Excess brand has developed a Skylounge: a comfortable space at anchor without having to raise the boom.

The Excess 15 can now offer an additional area to get together which will be met with unanimous approval and be enjoyed by all our sailors!

This option is available now on the **Excess 15** and will be available soon aboard the **Excess 14**.

While we wait to be able to show the Skylounge experience for real, here's a preview of this new option on video! Enjoy discovering!
