Flybridge

The flybridge is quite possibly the primary defining aspect of the Prestige 590. An entire entertainment platform in its own right, a massive sun pad with reclining backrests, large settee for dining, and a fully functional upper helm adorn the top of the boat. The low profile keeps the lines sleek, but its functionality of it adds an immense amount of usability and additional entertaining space to the boat overall. The owners spent thousands on a top-of-the-line stereo upgrade as well, so it may just double as a dance floor too.

NOTE: This boat was specifically produced with a soft top with a foldable frame - this allows the boat to be great loop capable.

- Full covers
- Massive sun pad with reclining backrest
- Foldable Bimini top
