- Generator & Engine Services 1/23
- Full System checks 3 times a month with Excell Spreadsheet

Seller is now motivated & is a 2 boat owner

Vessel Walk Through Overview:

- The Prestige 550 Fly is your perfect floating island! The 550 really has it all, tons of space, amazing ride, impressive unique layout, 3 Stateroom, 2 head plus Crew Quarters.
- There are several important things that we like about the Prestige 550 Fly. First is her size. She is not so large that she needs professional crew, but on the other hand she is big enough to take most anywhere and be able to handle snotty conditions without much fuss or concern. Secondly, her design is not the flavor of the month. It is no "Euro," nor "American," nor "Downeast", nor "Expedition" nor whatever. Rather, the 550 is a modern design based on classic lines that will stand the test of time and be as much in style 40 years from now as today; sort of like a pin-striped business suit or a herringbone sport jacket—they are always in style anywhere in the world. She is a big motor yacht and people looking at larger yachts should ask themselves if they might not be happier in the long run by spending a little more money now and get a boat that will probably last a lifetime. While the 550 Flybridge has a top speed of 30 knots we would probably cruise her at 2250RPM, going about 18 knots and burning 33 gal. per hour. That is about as efficient as a boat this size can be operated. Drop her down to displacement speeds and she has a range of 1000NM. We've been aboard several Prestige yachts over the past year and have been impressed with each one. (Boattest.com)

Salon / Bridge Deck

- Galley Up & Aft Floor Plan w/360 degree views
- Lower Helm with EXCELLENT Visibility

- 2500 Inverter
- Glendinning Cablemaster w/50AMP Shore Power Cord
- Hubbell TV/Phone Inlets
- Isolation Transformer
- Ammeters & Voltmeters
- Mastervolt Charger

Engine Room and Mechanical

- This had to be the most spacious, well-thought-out engine room for a boat this size. Amazing access to inboard and outboard sides of engines and all components. I've had 6 adults down there doing a walk-thru.
- Seakeeper Model 8 Gyro Stabilizer (Factory Installed 537HRS)
- Raymarine Engine Room Camera
- (2) Fuel Tanks
- (2) Cummins QSC 600HP 565hrs
- Onan Cummins Generator 21.5KW
- Racor 900's for Mains
- Racor 500 for Gen.
- LED Lighting
- Chiller Units
- Battery Banks
- Charging Systems
- Inverter
- Engine Room Blowers
- This yacht was ordered with the Seakeeper Model 8000 Gyro Stabilizer. She works while underway and while at anchor. With the Seakeeper Model 8000 you will see a 78% roll reduction on this boat per the recorded performance data from Seakeeper. The test conditions were during 14 to 19-knot winds and 3' waves. The cost to add this to an existing boat would be \$110,000

Cockpit and Decks:

- Teak Flooring in Cockpit
- LED White & Blue Lights
- Retractable Electric Sun Awning
- Dock Water Inlet
- Electric Mooring Windlass on Port & Starboard
- Dedicated Line Storage
- Yacht Style Cockpit Bench Seating w/Covers
- Aft Docking Station w/Joystick and Thruster Control
- Hydraulic Swim Platform
- Access to Crew Quarters
- Access to Engine Room
- Stairs to Bridge
- Fender Storage on Bow Rail
- Electric Windlass w/All Chain Rhode
- Additional Storage in Bow

- Bow Sunpad w/Seating, Bimini Top and Covers
- Aft Camera

Flybridge

- Large Stairs to Fly Bridge w/Safety Hatch
- Lounge Seating & Teak Table
- Electric Grill
- Chill Box
- Upper Helm with Full Controls
- Hard Top
- Starboard Lounge Area
- Teak Flooring in Flybridge
- Covers for Flybridge

Exclusions

- Sellers Personal Items and gear.
