- Air conditioning
- Refrigeration
- Shoal Draft
- Stack Pack
- Recent Sails
- Cabin Sole refinished
- Deck painted
- Outboard engine crane
- Electric head - freshwater
- Turn key & ready to go

The 1997 Catalina 380 is designed to incorporate the performance, accommodations, and features which experienced sailors consider important. All aspects of the 1999 Catalina 380 - from the securely stayed rig to the choice of deep or shoal draft keels - reflect a sailing lifestyle. The Catalina 380 is sensibly equipped with an offshore-capable rig with double spreader mast, in-line uppers, intermediates, fore and aft lowers, forestay, and backstay. The inboard shroud base allows for narrow sheeting angles and the ability to carry large genoas. In the cockpit, excellent visibility forward is assured by the low profile ball bearing mainsheet traveler. For the crew, the standard cockpit table comes with two drop leafs, beverage storage, and foot rest. Steering is traditional pedestal layout with stainless guard and a 5-inch compass with stainless binnacle. The wide weather decks are textured nonskid, gently angled surfaces without sharp corners. The oversize stem boarding ladder leads to a hot and cold fresh water shower and two large storage lockers.

Equipment List
