Additional Information

The As5 is the result of the combination of the new contemporary design -developed by ASTONDOA for this range-, style and “color & trim” with the handicraft and timeless manufacturing that distinguishes this century-old brand. The new yacht inherits the personality of its predecessor to satisfy a sailor looking for luxury, sporty character and contemporary design in the segment of lengths of 57 feet.

Once again, the Shipyard’s design team excels at successfully adapting all the attributes of a large yacht on a mid-length cruise ship.

But the As5 also claims its own personality, combining the elegance of its aesthetics with sporty details, taking inspiration from the automotive sector and the best supercars with which the Shipyard shares an innovative spirit. Thus, merging aerodynamics with design to

create beautiful shapes and generous spaces, the As5 was born as a unique yacht.

Versatile and highly customizable

Unique, like each ASTONDOA yacht, the As5 is now the greatest exponent of customization, offering multiple configurations to suit the owner. You can opt for a sportier version without a hard top, or with it if the customer prioritizes elegance and practicality.
