1000HP
745.70KW
Fuel: Diesel
Hours: 380
Serial #: 20132108871
Location: Starboard

Summary/Description

This custom-ordered 68 Navetta was delivered in the spring of 2022. Used for light family cruising in the brackish waters of the upper Chesapeake Bay, she has full Volvo warranty until 2027, an extended boat warranty to 2028, and an extensive list of options and custom upgrades listed below.

Just brought to Palm Beach to sell, this custom ordered 68 Navetta shows not only why this is such a special model, but also what a thoughtful spec put together by an experienced yachtsman looks like. Kept in a private slip in the brackish waters of the upper Chesapeake Bay, she shows as new. Full Volvo warranty to 2027 and a full boat warranty to 2028 ensure a new-boat experience at a brokerage price. She is up to date on all services and just had a fresh bottom job and detailing done as well. With the current lead times and her excellent history, we do not expect her to last long in today's market, so please call now.

Manufacturer Provided Description

The Navetta 68 is a result of unburdened creativity and collaboration among our design team and artisans. Offering superior livability, her large and functional spaces are elegantly furnished, designed only to produce maximum comfort. The structure is innovative, the exterior lines are full of personality, and are outlined by the majestic, pillarless side windows. The Navetta 68 is a yacht that best represents our vision of the absolute, just as we conceived it.

All the external areas are spacious and pleasant, as well as easily accessed promoting total safety. The bow deck—set up with a sofa, an extendable table, and a sun lounger—can be reached via wide walkways that are protected, covered, and lit.

The flybridge terrace is spacious: it offers a large relaxation area, an outdoor galley with a dining table, and a helm station with side sofas. You are free to navigate in the company of your guests, while keeping everything under control.

The aft cockpit is designed to enhance the social side of the boat. It connects easily to the galley thanks to the opening windows and the vanishing electric glass in the shared cabinet. What could be the result? A large open space, surrounded by water, ready for your enjoyment.

The main deck has been designed with comfort in mind and offers a 360-degree panorama. Here, you can enjoy a well-equipped galley, a living room, the salon, and the entertainment area which together offer great livability, making you feel right at home. Thanks to creative design of the structure, which allows for four generously-sized cabins and six sliding doors, the spaces below deck are more than what you would expect from a 68-foot boat.

The master suite is located at the bow for exclusive privacy. Inside, you will find a large double bed, comfortable wardrobes for storing your luggage, and a vanity area. On both sides, two panoramic windows stretch the full beam, the en-suite head has a double sink and a large shower made with the best materials. The other guest cabins are designed with the same care, allowing you to enjoy your vacation at its very best, truly at home at sea.
