Manufacturer Model Information

The new 2400 TRS takes the perfect blend of family and fishing smarts of the highly successful 2600 TRS and puts it all in a sub 25 foot package. With more freeboard, a 9-foot beam, and a 15 degree deadrise, this boat offers tons of room for all its amenities plus the security of a deeper cockpit on a single stepped hull that is fast, fuel efficient and big water capable.

Family and friends will love the dedicated seating for 8, including integrated forward-facing backrests, a luxurious helm seat, and third row, aft deck seating with flip-up backrest. Plus, there are options for a pump-out head and removable forward and aft shade.

For those who need to have the hardcore angler boxes checked, the new 2400 TRS has more than enough rod storage, a standard 38 gal. livewell, optional releasewell, and a standard fishbox with optional macerator. If playing hard and fishing hard with the family is your game, this boat is designed for you.
