Summary/Description

CHAKRA 282' (86m) Devonport Motoryacht, 1998/2017

This Dutch-built Van Der Werf superyacht carries 42 guests in 21 staterooms on her three accommodation decks, with up to 30 in crew. The master provides almost 1,000 square feet of living space, and the two VIP's have over 500 square feet each. With a volume of more than 2000 gross tons, *Chakra* offers huge interior entertainment areas on two decks with multiple bars, upper and lower salons, a theatre, a sitting room, and a dining salon that comfortably seats 20 for dinner.

Chakra has a fitness center that rivals a private retreat. There are eight machines plus free weights, a yoga studio, a tranquil massage room, a sauna, a professional beauty salon for hair and nails, a spa-pool on the upper aft deck with a sunlounge surrounding it, plus the well-stocked tender/toy garage, all combine to create a true resort-style environment. There is also a hospital room aboard with life-saving emergency equipment.

Chakra underwent a complete reconstruction at the Devonport Shipyard in Plymouth, England in 1998, essentially rebuilding her inside and out, creating one of the most unique and recognizable classic-styled motoryachts in the world. She had a refit again in 2017, completely refreshing her interior décor and exterior finishes. Her hardwood floors, light fabric interior and stonework beautifully compliment her classic design. With a cruising speed of 14 knots and globe-trotting range of over 10,000 nautical miles, *Chakra* comfortably travels anywhere in the world with ease. She is being offered either fractionally, or as a whole boat. Additional details available upon request.
