Whether exploring the canyons or entertaining a group the 36XS is dialed in. The helm station wraps the driver and passengers in bolstered seats and provides generous drawers and compartments for all tackle/storage needs. The rear facing seat conceals a huge 60 gallon live well. An additional 20 gallon live well in the transom doubles as a storage box when needed. A large, rear fold-away bench and forward lounge entertain the crew. An oversized hardtop provides a sleek and modern design. The two large storage boxes, a host of lighting options, flush mounted speakers and much more offer new levels of versatility.

A huge dash provides plenty of room for the two large SIMRAS MFD displays. Additional storage is discovered in the huge walk-in console, which include a Head and Sink. A drink cooler is located beneath the flip up front seat that quickly transforms into a lounge seat with a flip-up foot rest. A 9' fully insulated fish box offers 1400 quarts of frozen storage that is pumped overboard during cleanup.
