Summary/Description

For Sale

2001 55 Hatteras Convertible "Dirt Life". In 1999 Hatteras took a major departure from their long-standing tradition of building sportfish convertibles. The Hatteras 55 Convertible was reborn with a restyled superstructure/flybridge and revised hull bottom with desirable prop pockets. The innovation of incorporating prop pockets into the hull bottom opened up various shallow water ports that were not previously accessible. Boasting one of the largest cockpits in her class, the 55 was designed with the sportfish enthusiast in mind having all amenities to catch the elusive blue marlin. "Dirt Life" features a 3 stateroom 2 head layout with optional 60/40 bunk configuration forward ideal for offshore fishing. Over the recent years "Dirt Life" has had many upgrades to include GARMIN suite of electronics, Pentair swimming pool pump to power transom tuna tubes, watermaker, and Eskimo ice chipper. Powered with the ideal CAT 3412E's "Dirt Life" comfortably cruises at 29 knots with an economical fuel burn. If you're looking to get into an affordable battle wagon on a beer budget, then look no further "Dirt Life" is a must-see. Contact the listing broker for details, showing, and to present an offer.
