Summary/Description

This Carver 37, equipped with Volvo diesel V-drive engines, which is much less maintenance and more reliability than the gas or stern drive options.

37' | Carver C37 Coupe - DIESEL | 2016

LLC owned, 2 cabins/1 head

This Carver 37, equipped with Volvo diesel V-drive engines, which is much less maintenance and more reliability than the gas or stern drive options.

I have personally sold this C37 when it was brand new to the previous owner and then later to the current owner. It has been lovingly cared for by both two owners, ensuring that it's in excellent condition for the next owner.

The C37 is an ideal vessel for cruising the stunning California coast or exploring the beauty of Catalina Island. Its spacious design and reliable power make it the perfect choice for enjoying the scenic waters and breathtaking destinations of the region.

- Cockpit Cushions
- Swimming Ladder
- Cockpit Shower

Manufacturer Provided Description

The most spacious and comfortable 37' yacht on the water, Carver's C37 Coupe is designed for the adventurous who refuse to sacrifice a thing. Expect superior style, comfort, performance, dependability and value. This yacht's power package delivers a smooth, stable ride with top-end speeds approaching 40 mph. A unique hull shape and 13-foot-wide beam create an incredibly roomy interior: 6'5" headroom in the two staterooms; 6'8" in the salon.

An additional interior layout design advantage; The cockpit, helm, salon and galley are all situated on one convenient level. Plus, the C37 has the most storage space you'll find in any yacht of this size. "Carver comfort" reaches new levels in the C37: a home-like stall shower, two private staterooms, an ultra-comfortable cockpit and other numerous practical amenities. If that all weren't impressive enough, the value-driven price point of the C37 once again proves that Carver gives you more yacht for less money.
