Summary/Description

Available now!

This is one of the few Factory built 52' Californian CPMY's that has a **Hard Enclosure Aft-sundeck** with opening windows and swing door to cockpit that is absolutely perfect for year-round cruising!

The current owners are experienced boaters and have made outstanding upgrades on Gizmo, which means it is turnkey for your cruising or live-aboard pleasure. The **Bow Thruster and new Yacht Controller** make Gizmo a dream to maneuver and dock.

New Flybridge Canvas with provides the Captain and First Mate with a clear and comfortable cruising experience.

Many thoughtful interior upgrades and furnishings enhance the traditional teak interior for a warm and comfortable living space. If you are looking for a great cruising or live-aboard that won't break the bank...look no further!

Please see the list of additions and maintenance done in the Descriptions section as they are too numerous to list here.

Additional Details

We are pleased to present a listing on a sought after brand and model that's ideal for the Pacific Northwest and West Coast boater!

The 1990 Californian 52' Cockpit Motor Yacht "Gizmo" represents the latest Californian model that was built at the Rocky Point North Carolina Factory under the guidance of John Adams, former Hatteras Director of Operations, and other key industry talent.

Latest model factory attributes such as white gel coat, wrap-around bridge helm dash and helm area storage, fiberglass stringer system in lieu of wooden stringers, aluminum framing in the engine room overhead, an appealing balance of teak wood accents, solid surface counter tops and other subtle features. Every room has opening windows or port lights for fresh air!!!

Two Staterooms each with ensuite head with separate shower. Tub/shower in the master head. A truly versatile and sizeable seven foot long cockpit that features direct door access to the aft cabin, room for a storage deck box and lazarette area that allows for easy access to the aft bilge, steering and rudder posts, storage, and expanded fuel capacity. And the ever popular engine room space with access via the galley steps.

One of only a few 52 CMY built before the "Luxury Tax" and subsequent marine industry maneuverings that ceased Californian production. Critics say; "The appearance of quality is no illusion. A good ride in a chop."- Powerboat Guide

"Gizmo" features a custom aft deck enclosure and "V" berth in the forward stateroom- a versatile arrangement that also offers far more forward stateroom floor area.

Caterpillar 3208TA 425 HP

Original Generator replaced with new Cummins/Onan 11.5KW 2021
