Summary/Description

The Sorrento: A Masterpiece of Design and Craftsmanship At the heart of this excitement is the Sorrento, a vessel that epitomizes the very essence of luxury and sophistication. This is more than a yacht; it's a work of art, a floating sanctuary, and the embodiment of a maritime dream.

100 SORRENTO

Why the Sorrento?

The Sorrento stands out in the crowd with its twin outboard sports cruiser design and a cutting-edge twin-step hull that combines remarkable efficiency with an exhilarating sporty driving experience. Designed from scratch, optimized for outboard power, this yacht achieves an impressive power-to-weight ratio that makes it ideal for both new boaters and those transitioning from smaller vessels.

A Versatile Dream

With a reputation for crafting vessels with offshore capabilities, Hussar Yachts ensures that the Sorrento offers both comfort and safety on the water. This vessel isn't just a day boat; it's an excellent option for extended trips. Two main cabins accommodate up to four adults, making it ideal for families or friends looking to explore the water in comfort.

A Feast for the Eyes

As you step on board the Sorrento, you'll be greeted by an exquisite design that feels bright, airy, and spacious. Large glass windows in the wheelhouse area enhance the sense of openness, and the panoramic sunroof takes this effect to a whole new level. With the roof open, you invite sunlight and fresh air into the main helm and on-deck social areas, seamlessly blending the outdoors with the protected spaces. It's a harmonious "outside-in" experience that's nothing short of breathtaking.

Ready to Cruise?

The console is another example of the thought and innovation put into the Sorrento. It's designed to accommodate large plotter screens and various electronic equipment. All the console switches and control panels are conveniently placed within reach for the best user ergonomics and comfort. This meticulous attention to detail is what sets the Sorrento apart.

Disclaimer

The company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.
