Summary/Description

This outstanding model of SAY 42 "888" in the colour "Strom Grey" has been designed, engineered and manufactured by the German manufacturer SAY Carbon Yachts in 2022.

This outstanding model of SAY 42 "888" in the colour "Strom Grey" has been designed, engineered and manufactured by the German manufacturer SAY Carbon Yachts in 2022.

The exterior is made entirely of Carbon fiber, providing exceptional strength-to-weight ratio and ensuring optimal performance on the water. Thanks to the built-in ultra-low emission engines from Volvo Penta, the SAY 42 impresses with its unbeatable performance and low emission consumption at the same time.

The yacht weighs way less than any comparable model and consumes only 45L of fuel per hour at average speed of 20 knots. This enables the carbon yacht to achieve breathtaking accelerations on the water!

Inside, the yacht is just as impressive with numerous carbon details. The interior is finished with the finest materials and features modern amenities for comfort and convenience. A spacious cabin awaits you below deck: a fully equipped bathroom including shower (headroom 1.90m) with fine materials in minimalist style. Benefit from numerous storage options, as well as an additional refrigerator and a double bed, which complement the comfortable interior.

The unexpectedly large bathing platform on this SAY 42 serves two important purposes: Firstly, it provides stabilisation when cornering. Secondly, it provides an extra place for sunbathing. Thanks to the hydraulic bathing ladder, you get out and into the water elegantly.

SAY 42 „888“ #005 is an exceptional vessel that is sure to impress anyone who steps aboard. With its powerful engines, striking color, and luxurious amenities, this yacht is the perfect choice for those looking to cruise in unique style.
