Model Year: 1997	Fuel Type: Diesel	
LOA: 46' (14.02m)	Hull Material: Fiberglass	

Engines/Generators

Summary/Description

This 4-Cabin version layout provides privacy for up to four couples. The split forward cabin can be easily converted to a spacious Master Stateroom with the removal of the non-supporting wall divider between the cabins.

The Main salon is very spacious due to her 14' beam and will accommodate quite a few people around the U-shaped settee to starboard and the expandable dining table. The navigation station includes a chart table, electronics and electrical panel.

A well laid out seagoing cook's galley includes plenty of usable counter space. The counters and 3 burner gimbaled propane stove all have fiddles. The top loading freezer and front loading fridge have great access. There is of course ample storage in the galley and under the settees.

The huge cockpit with a folding cockpit table offers generous seating in the helm area. The walkthrough onto the sugar scoop/swim platform makes it easy to board the vessel after a swim.

History

Skye Bird was originally purchased in 1999 by the owner of a charter fleet as a personal vessel. 2007 she came out of the water in St Pete. Current owner purchased her in 2014, extensive refit and launched in 2019. Refit included:

New Cherry wood cabin sole and trim

New electric windlass

New furling mainsail 2019, (No Genoa, new one on order)

Bottom job 2015, not launched until 2019 - owner/diver regular maintenance since

New 12" B&G Chart plotter, depth and wind instruments

Replaced thru-hull fittings and fresh water lines

Replaced shaft, prop, impeller

3 Batteries 2019
