28HP

20.88KW

Fuel: Diesel

Hours: 800

Year: 2003

Summary/Description

This classic 1974 Pearson 30 is one of the most popular coastal cruisers ever produced.

Almost 1200 of this William Shaw design were built at the Pearson Yacht Yard in Portsmouth, Rhode Island yard between 1971 - 1981. P30s are known for their interior layout, hull design, and single-handed capabilities. **DYER WOLF** was re-powered in 2018 with a 2003 Volvo 28 hp with 800 hours and has a fully battened Mainsail, Genoa, and Spinnaker.

She is equipped with a chart plotter, compass, and VHF. Below decks she comfortably sleeps 5-6, has a spacious layout, a convertible settee, and plenty of storage. The Galley has a stainless steel sink, 2 burner stove, and an icebox, and there is a marine head. Newer upgrades include a diesel heater, an automatic electric bilge, new batteries, new interior LED lights, and the addition of solar panels with a solar charge controller. If you are looking for a classic cruiser at a reasonable price, DYER WOLF might be your match.
