## Summary/Description

Designed by Group Finot, the Beneteau 423 is world renowned for a stable and fast hull combined with a spacious and luxurious interior.

Designed by Group Finot, the Beneteau 423 is world renowned for a stable and fast hull combined with a spacious and luxurious interior. This is a proven blue-water sailboat that has participated in and performed well in many long-distance off-shore races. "ATTITUDE" has the popular two-cabin, two-head layout, along with voluminous storage capacity, which makes this yacht ideal for living aboard or extended cruising with family and friends. She has been professionally maintained by a knowledgeable owner and is in turn-key condition with many recent upgrades and all systems in perfect working order. She comes extremely well-equipped, with an extensive sail inventory, updated electronics, Radar, autopilot, air conditioning, diesel generator, solar panel, spare parts and much more. Also included is a 10-foot Avon RIB with a 15 HP Yamaha outboard as a tender.

Don't miss this fantastic opportunity to own a beautiful yacht that's ready to sail away- call today!

- Courtesy Lighting Cabin Sole (2021)
- Cockpit Courtesy Light (2021)
- Binnacle Light (2021)
- Jib Sheets (2021)
- Mattress Forward Cabin (2018)

## Accommodations

The **cockpit** layout on ATTITUDE is designed for ease of movement while underway and also as a platform for relaxing or entertaining. Stern boarding is convenient with a walk-through transom and there is great access to the water via the wide swim platform, which also features a H/C water shower for rinsing off after swimming. Cockpit benches, covered in real teak, are long enough to stretch out on and even more comfortable with ATTITUDE'S custom all-weather cockpit cushions. The cockpit is protected from sun, wind, and rain by a dodger, Bimini, and connector and also side curtains, which turn it into an outdoor living room on the boat.

Moving down below through the wide companionway and gently sloping steps, one is immediately struck by the light and spaciousness of the **main salon**. There are eight opening portlights, seven overhead hatches plus Beneteau's innovative skylights to provide a remarkable amount of light and ventilation. The **galley** is to starboard and aft and ergonomically designed to make meal preparation easy while underway or at dockside. It includes a large double stainless steel sink, a 3-burner propane stove/oven, a microwave voluminous side loading refrigerator, and a top loading freezer. The **dining table** is to starboard and seats six and also converts to a large double berth. The forward-facing **nav station** is to port and has a large table and well-organized instruments and switch panels within easy reach. Additional seating is provided by the port-side settee which is long enough to serve as a single berth. All Upholstery throughout is deluxe upgraded material replaced recently and in like-new condition. There is **storage** for live-aboard families or long-range cruisers throughout the cabin under and behind the settees and in cabinets.

**Private cabins** fore and aft with large double berths are perfect for two couples cruising together or a family with children. The forward cabin has an en suite head which features a Jabsco electric marine toilet, a **stand-up shower stall**, sink with H/C pressurized water, a large medicine cabinet with a mirror, and additional storage under the sink. The aft head, accessible from both the main salon and the aft cabin, has all the features of the forward head minus the stand-up shower stall, but it does have a handheld shower faucet.

The varnished cherry wood interior woodwork in ATTITUDE is in great condition and guaranteed to cause "oohs" and "ahhhs" from guests when they step on board. Overall the accommodations on the Beneteau 423 are second to none in this class, and buyers will be hard-pressed to find a better-maintained and equipped example than ATTITUDE.

## Disclaimer

The company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated.
