Summary/Description

Toberua has been in the same family since new. The Whitby 42 is one of the true blue water cruisers for the serious sailor. She spent her early years cruising the Virgin Islands but since 1987 has been Great Lakes cruised with the exception of 2 winter trips in the Bahamas. She has undergone 2 re-fits. The first was mostly mechanical with the installation of a new Perkins 4-236 in 1998 & the second was a cosmetic overhaul in the early 2000's. Professionally compounded & buffed topsides & quality varnish work below. Lately, new Lewmar Offshore deck hatches were installed. . The bottom has been barrier coated.

The Whitby 42 was one of the first center cockpit production cruisers & enjoyed a long production life with hundreds making passages far & wide. The interior layout boasts 2 complete staterooms, fore & aft, each with an enclosed head. The main salon features a settee to starboard with bar & cabinets behind. The port side is a settee/ double berth with a folding double leaf table mounted on the bulkhead. Storage behind. Beautiful teak & holly floors. The U shaped galley is to port & has fridge/freezer, 2 deep sinks with hot & cold pressure water & a 3 burner stove oven (propane) Ample storage. The chart table faces forward opposite the galley & has room for all your electronic displays. A passageway aft leads to the aft cabin. 12V & 110V distribution panels mounted in the passage. Excellent engine access through 2 sound proofed doors under the cockpit. Queen size bunk with storage lockers & cabinets abounding. Enclosed head.
